

## 9<sup>th</sup> IBM Rhapsody User Group Day, 30<sup>th</sup> October 2019, Zürich

### From Users for Users – Best Practice IBM Rhapsody

Join this year's Rhapsody User Group Day – you will have the chance to discuss **your questions and challenges with other Rhapsody users**. Share your experiences and **profit from the knowledge of the attending Rhapsody experts**.

#### Result oriented discussions based on Open Space concept

**Gain the knowledge which is important to you** – in the shortest time and in a compact form. With the help of a “black board” every participant can announce his questions and interest areas. Also the experts from IBM, BTC and EVOCEAN can propose their subjects of interest:

- You determine which subjects are of interest for you and how much time you want to invest – you can leave discussion teams at any time and join another one.
- Focused discussions and constructive results as only people will be present who are really interested – the combination of specialists and users provide for practical relevance.

#### Administration

- Duration: 1 day
- Time: 9:00 am until approx. 5.30 pm
- Language: German & English

100% of last year's participants recommend the event.

#### Time / Place

30<sup>th</sup> October 2018  
Die Giesserei, 8050 Zurich-Oerlikon  
(Switzerland)  
[www.diegiesserei.ch](http://www.diegiesserei.ch)

*„Every year I gain new inputs. I will definitely come again!“*

*„Again I detected useful features of the tool, available since years.“*

*“Share ideas and gain new knowledge”*

#### Target Audience

Users and interested parties of IBM Rhapsody

*„We gained a lot of inputs to challenges we currently have“*

*„One of the best ways to get first-hand information from users and also from development team“*

#### Conditions

- Costs incl. breaks & buffet lunch CHF 280.00 (EUR 250.00) (excl. VAT)
- For the second (and more) participant(s) from the same organization a discount of 25% will be given.

*„This year three from our company came to be able to participate in all parallel Open Space sessions“*

*„The breadth of knowledge and experience of the participants combined with the effective Open-Space format was very valuable and inspiring for me“*
